

### Reservations

We ask you all to please follow our reservation policy. If you are not on a regular schedule with us, please call or email us *before you arrive* to reserve a spot. If drop-offs continue, we will be forced to turn you away. This is not to inconvenience you, but to allow us to safely and properly staff the facility.

For those pups on a regular schedule, we do appreciate you calling or emailing to cancel if the need arises. This will free up a spot for another furry kid. We are not trying to be a broken record, but the policy is being taken advantage of. Thank you.

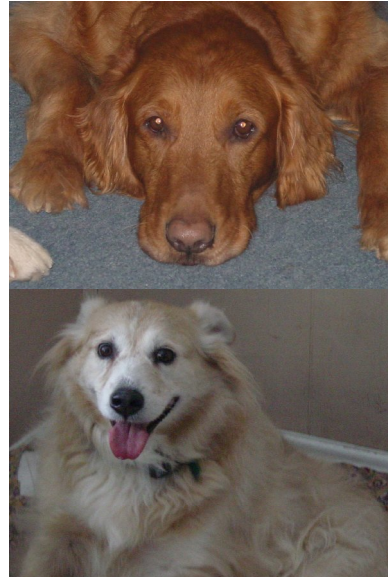

### Flea & Tick Prevention

It is that time of year again! Though we recommend keeping your pup on preventative medicine for fleas & ticks year-round, now is the time to start it up!

Please read...your pup will be screened for those yucky fleas upon entrance into The Puppy Palace. If any flea dirt is found, we will bathe your pup immediately and charge your account for the service or you will have to take your pup home. A flea infestation will not only require us to close down and disinfect, but would also inconvenience all of the other owners. Thank you for your understanding with this matter! And here is to a Happy, Healthy Spring!

### Help The NMSS!

The Puppy Palace is raising money for the National MS Society. We are walking as a team on 4/26. If you would like to join us, just say the word! Sorry...no pups allowed this year! Boo Hiss! Help support Shannon & the team! Thank you!
