Pups Need Your Help!

Many of you may have noticed recent articles about kennels closing in PA. The State has really tried to crack down on breeding kennels due to their deplorable conditions. Because of that, there is a large influx of pups in our area shelters that need homes. Also, Linda Ann, who rescued Greyhounds, recently passed. Her organization is trying to place dozens of Greyhounds with new families.

So if you are looking for a new furry addition to your family, just know there are more dogs in the area that need a good home!

Canine Flu Update

Going to the vet in the next few months? We strongly recommend getting your pup the Canine Influenza vaccine. We are not requiring it as of yet, but it will be part of the required vaccinations in the future.

Canine Good Citizen Test

Our friend Ali Brown from Great Companions is offering the AKC'S Canine Good Citizen/Therapy Dog Test at her facility. Friday, March 12th from 7-9pm. For more information about this program, you can call 610-737-1550 or visit her website at www.greatcompanions.info.

The Royal "Person" of the Month

In lieu of highlighting a deserving pup this month, we wanted to tell you about a fabulous member of our team!

Jamie has been with us since the very beginning, three months after our opening to be exact. She started as a volunteer for National Honor Society credit. She brought a great love for the pups, so we asked her to stay! Jamie is currently attending NCC and is looking to study at a school offering a Forensics program in the fall. We are already trying to prepare for the void she will leave us with.

We have watched Jamie change into a strong, confident woman. And we have all been guilty of taking her for granted from time to time. We all love her like a daughter and sister. And we thought you should know what a great person she is too!

Thank you, Jamie, for all that you do!!
