Dog License Time!

It is that time of year again! Time for the annual Dog License! Just a reminder that the State of PA does require you to license your pup. Licenses must be purchased in the county in which you reside. We have a list of purchase locations if need be. Also, your county's website has the downloadable application. Just mail that in with the fee and POOF! You are done.

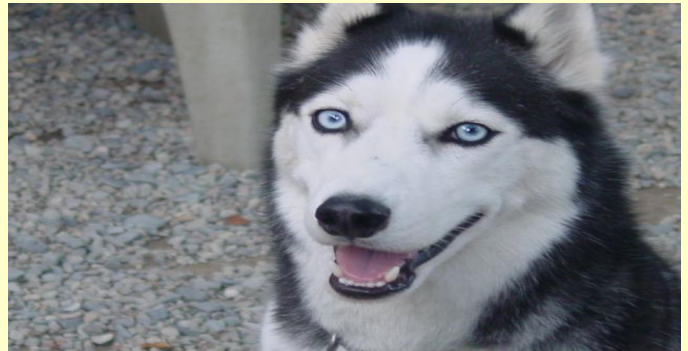

Also, we DO NOT need your pup's license or microchip number. That is strictly for your use. If the Dog Warden were to inspect licenses while here, the burden falls on the owner.

Canine Flu Update

Many area vets are now recommending the Canine Influenza Vaccine as part of your pup's annual round of shots. We are not requiring it as of yet, as some vets are still not administering it. Once that changes, we will add it to our list of requirements.

However, we are recommending it along with Heartworm & Flea/Tick prevention. While at the vet, it may be wise to inquire about their Bordatella vaccine schedule. Many are administering it every six months as opposed to yearly. As always, please bring us an updated copy of records after you go for an appt.

The Royal Court of the Month

Bandit, Sky's brother, is just a deceiving lad! Underneath that sweet exterior lies a Shark! Never take your eyes off him....the dorsal fin will come out! He can be seen romping around The Palace with his Husky Posse. He is also a favorite among the ladies, just like his dad!

Zack, a jovial fella, will play with anyone, sleeping or awake! He is non-stop when with his friends! Gabe, Delia, and the Labs always look forward to playing with the Big Guy! He was a rescue from Harnessed to Hope Northern Breed Rescue (www.nbrescue.com)

Congrats to the Boys!
