

### Good Change!

It has been a full moon every day it seems! Have you noticed that too? In an effort to continue to provide a safe & happy environment for all the pups, we are asking for your help.

The Staff is asking all pups to sit before entering and exiting all doors and gates. Many of you already have your pup do so...and we thank you! With our group growing larger every day, and with the return of some of our old friends this summer, it is imperative we establish control immediately. It truly does set the tone for the day. And having your pup wait at the door at home will also improve the control you as the owner will have.

While we are trying something new, we also ask that you keep your pup on leash when entering. Unfortunately, some folks do not fully shut the door behind then when leaving. Not only is this for safety purposes, but is also allows to the staff to lead your pup to join the group.

When you are dropping off or coming to pick up, please check to make sure no one is standing in the doorway. Again, so no pup scoots out to explore Broad Street!

All change takes time. And we are fully prepared for that. We ask for your patience in implementing these new procedures. It will benefit us all....we swear!

### Half Days

Half day visits are any FIVE hours at the rate of \$16. Any overage will be considered a full day and charged accordingly.

### *The Royal Court of the Month...*

*Lola, a bodacious Hound Mix, is quite a 'cougar'. Though approaching senior citizenship, she is always looking for a good time with the men...if you know what I mean!*

*Lutsi, the younger brother, is more the Class Clown! Always up for a good time, Lutsi will be the flash that bolts past you in the yard! Just ask his running mates!*

*Congratulations to the Kids!!*
